

QUICK START

WHAT IS ONEPETRO?

OnePetro.org is a unique library of over 220,000 content items including papers, technical reports, standards, magazine articles, presentations and journal articles from **21** publishers serving the oil and gas exploration and production industry.

| JOURNALS | CONFERENCES |
|---|--|
| Find key insights into engineering challenges in our collection of more than 30 journals, such as the <i>Journal of Petroleum Technology</i> . | Keep up with the latest industry innovations by accessing our extensive coverage of conference proceedings , including <i>Offshore Technology Conference</i> . |

ACCESS YOUR ORGANIZATION'S SUBSCRIPTION TO ONEPETRO

1. LOG IN OR REGISTER

Are you a member of the Society of Petroleum Engineers (SPE)?

YES. Log in to OnePetro with your SPE.org credentials. You do not need to register on OnePetro.

Any changes you make to your SPE.org credentials will automatically take effect on OnePetro.

NO. Register on OnePetro by selecting **Register** from the **Log in / Register** dropdown. Please accept OnePetro's terms and conditions. Once registration is complete, **Log in / Register** will be replaced with **My Account**.

2. VALIDATE YOUR ACCOUNT

Your institution has purchased download credits for OnePetro, and you can access this subscription through either an IP-validated device (see [below](#)) or email address domain validation. To validate your email address domain, login to OnePetro utilizing your organization email. Once logged in, select **My Account** and then **Account Details**.

The domain in your email address must match the one specified by your organization exactly to be validated. It is also case-sensitive.

On the next page, select **Go** underneath **Domain validation**. Follow the onscreen prompts. You will need to confirm receipt of an email by following a link to complete the process. If you do not receive the validation email immediately, check your Spam/Junk folder. After verifying you received our email, you will receive a second email confirming that validation was successful. Log out of OnePetro for 15 minutes. When you return and log in, you will have full access to your institution's subscription.

You will be asked to renew your domain validation every 90 days via email.

HAVE AN IP-VALIDATED DEVICE?

When visiting OnePetro from your device, a banner should display across the top of the page stating **Via Your Organization Name**. In lieu of **Add to Cart**, eligible papers will be available to **Get PDF**.

3. VIEW OR DOWNLOAD

Once you have access to your institution's subscription, you can view or download items directly from a search results page or the item's detail page. Select **Get PDF** and confirm you would like to use a download credit.

| ONEPETRO CONTRIBUTORS | JOURNALS |
|--|--|
| American Petroleum Institute (API) | Corrosion |
| American Rock Mechanics Association (ARMA) | International Journal of Offshore and Polar Engineering |
| American Society of Safety Professionals (ASSP) | Journal of Canadian Petroleum Technology |
| British Hydromechanics Research Group (BHR Group) | Journal of Petroleum Technology |
| International Society of Offshore and Polar Engineers (ISOPE) | Journal of Sailboat Technology |
| International Petroleum Technology Conference (IPTC) | Journal of Sailing Technology |
| International Society for Rock Mechanics and Rock Engineering (ISRM) | Journal of Ship Production |
| National Association of Corrosion Engineers (NACE) | Journal of Ship Production and Design |
| National Energy Technology Laboratory (NETL) | Journal of Ship Research |
| Oil Industry Journal (OIJ) | Journal of the Society of Petroleum Evaluation Engineers |
| Offshore Mediterranean Conference (OMC) | The Log Analyst |
| Offshore Technology Conference (OTC) | Marine Technology and SNAME News |
| Pipeline Simulation Interest Group (PSIG) | Oil and Gas Facilities |
| Society of Exploration Geophysicists (SEG) | Oil Industry Journal |
| Society of Petrophysicists and Well Log Analysts (SPWLA) | Petroleum Technology |
| Society of Petroleum Engineers (SPE) | Petrophysics |
| Society of Petroleum Evaluation Engineers (SPEE) | Professional Safety |
| Society of Underwater Technology (SUT) | PROneft Journal |
